

Muhammad Abdullah

 0318-0717837  abdullahsafdar487@gmail.com  Sargodha, Punjab, Pakistan

### Career Objective / Profile:

Enthusiastic and analytical Data Science student with hands-on experience in Python, SQL, and C++. Seeking opportunities to apply data analysis and problem-solving skills to real-world projects while expanding technical expertise in data-driven decision-making.

### Education:

Bachelor of Science in Data Science, FAST University Islamabad, 2023 – Present

Current Semester: 5th | CGPA: 2.6 / 4.00

Intermediate (Pre-Engineering), Punjab College Sargodha — Completed 2023, 90% marks

Matriculation (Science Group), Sanai School System Sargodha — Completed 2021, 99% marks

### Skills:

- Python, SQL, C++
- Pandas, NumPy, OpenCV
- Data Cleaning and Exploratory Data Analysis (EDA)
- Machine Learning (Basics)
- Research and Report Writing
- Communication and Teamwork

### Experience / Internship:

Data Analyst Intern, Sohi Citrus Fields — June 2024 – August 2024

- Collected and analyzed citrus production data for performance tracking.
- Performed data cleaning and visualization using Python and Excel.
- Supported decision-making through analytical insights.

### Projects / Research:

Electronics Store Data Analysis Project — 2024

- Conducted EDA and predictive analysis using Python and Pandas.
- Identified sales patterns and developed a simple forecasting model.

Ambulance Service Application — 2024

- Designed an Android-based ambulance request and tracking prototype.
- Focused on app flow, interface, and database integration.

#### NASCON Management System — 2024

- Developed an event management system for NASCON activities.
- Implemented data handling and user modules using Python and SQL.

#### Achievements / Extracurricular Activities:

- Participant – NASCON Tech Fest
- Contributor – Sustainable Energy (SDG 7) Project
- Volunteer – 'Caring Hands' Health Awareness Program
