Address: [House # 10, Block D, Bahria Town, Rawalpindi, Pakistan]

Career Objective / Profile:

I am a motivated Artificial Intelligence student with hands-on experience in programming and machine learning. Passionate about applying AI concepts to develop efficient, data-driven, and intelligent real-world solutions.

Education:

Bachelor of Science in Artificial Intelligence, National University of Computer and Emerging Sciences (FAST-NUCES), Islamabad, 2023 - Present

Relevant Courses: Programming for AI, Data Structures, Artificial Intelligence, Database Systems

Skills:

- Programming Languages: Python, C++, SQL, C#, ASM(x86)
- Tools: Anaconda, MySQL, Node.js, Visual Studio, Visual Studio Code
- Databases: MySQL, MongoDB
- Data Analysis and Visualization
- Team Collaboration & Communication
- Languages: English, Urdu

Experience / Internships:

1. AI Engineer Intern — AI Genmat, Islamabad

June 2025 – August 2025

- Developed and fine-tuned ML models using Python and TensorFlow for data analysis and automation.
- Assisted in optimizing AI workflows and integrating REST APIs for model deployment.

Projects / Research:

1. AI-Powered Game Playing Agent, May 2025
- Designed and deployed machine learning models using Python and TensorFlow for data-driven automation. Optimized AI workflows and integrated APIs for real-time model deployment.

Achievements / Extracurricular Activities:

- Volunteering Service – Pakistan Sweet Home Orphanage
- Participated in FAST SOFTEC coding competition — 2025
