

**Name:**

[Mustafa Kashif]

**Contact Information:**

Email: [i232583@isb.nu.edu.pk]

Phone: [0347-9821456]

LinkedIn: [linkedin.com/in/mustafakashif]

Address: [House # 112, Satellite Town, Rawalpindi, Pakistan]

**Career Objective / Profile:**

Curious and motivated Data Science student with a strong interest in computer vision, data analysis, and AI-based solutions. I enjoy working on real-world problems where data meets technology. Always looking to learn new tools, experiment with models, and build things that actually make an impact.

**Education:****Bachelor of Science in Data Science,**

National University of Computer and Emerging Sciences (FAST-NUCES), Islamabad — Class of 2027

Relevant Courses: Data Structures, Linear Algebra, Data Warehousing

(Current CGPA: 2.8 / 4.0)

**Skills:**

- Programming: Python, C++, SQL
- Data Science & ML: NumPy, Pandas, Matplotlib, scikit-learn, OpenCV
- Data Analysis & Visualization

**Experience / Internships:****Computer Vision Intern**, Hazen.ai, Islamabad

June 2025 – August 2025

- Developed a computer vision-based system to estimate vehicle speed using monocular camera data

**Research Intern**, National University of Sciences and Technology (NUST E&ME), Rawalpindi

July 2024 – September 2024

- Learned the fundamentals of database design and management
- Worked with SQL to organize and query research-related datasets

**Projects / Research:****Speed Estimation of a Car Using Camera Only**, June 2025

- Developed a computer vision-based system to estimate vehicle speed

**Achievements / Extracurricular Activities:**

- Participant, FAST Data Science Hackathon — 2024
- Member, FAST Data Science Society — 2023–Present
- Volunteer, Tech for Change Initiative — 2024
