Address: House # 24, street # 2, Chairman Colony, Wah, Pakistan

Career Objective / Profile:
Enthusiastic Data Science undergraduate with strong analytical and programming skills. Passionate about data analysis, machine learning, and deriving insights to contribute to impactful, data-driven solutions.

Education:
Bachelor of Science in Data Science, National University of Computer and Emerging Sciences (FAST-NUCES), Islamabad, August 2023 - Present
Relevant Courses: Object-Oriented Programming, Data Structures, Database Systems, Data Visualization, Advanced Statistics
GPA: 3.65 / 4.00

Skills:
- Programming Languages: Python, Java, C++, C#, Assembly Language
- Web Development: HTML, CSS, JavaScript, React
- Databases: MySQL, MongoDB
- Tools: Git, VS Code, Figma, Canva
- Data Analysis and Visualization
- Languages: English, Urdu

Experience / Internships:
1. Data Science Intern, Devsinc, Islamabad, June 2024 – August 2024
- Applied data analysis techniques to extract actionable insights and support business decisions.
- Cleaned and visualized datasets using Python (pandas, matplotlib) to identify key performance trends.
- Collaborated with team members to develop data-driven solutions for client projects.

Projects / Research:
1. Traffic Control Management System, March 2025
- Designed and implemented a Traffic Management System in C++ using core data structures like linked lists, queues, and stacks.
- Simulated vehicle flow and managed traffic signals to mimic real-time traffic scenarios.
- Demonstrated efficient traffic handling through structured and optimized data operations.
2. Client Loyalty & Revenue Expansion, March 2025
- Analysed customer retention data using Python (pandas, NumPy) and visualized insights with matplotlib and seaborn.
- Performed EDA to uncover trends linking customer loyalty to revenue growth, supporting data-driven retention strategies

Achievements / Extracurricular Activities:
- Winner, FAST DataViz — 2025
- Member, FAST Data Science Society — 2025–Present
- Volunteer, Video Tutorial Competition — 2025
